Emergency 911

April 24, 2009

Dr. Oest
8311 North Rte 31
Richmond, IL 60071

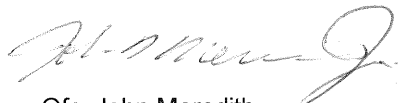

Dear Dr. Oest:

It is that time of year again when we at the Richmond Police Department, would like the staff, all of the students, their family and friends to be aware of their surroundings. If any observes a suspicious vehicle or person, they should contact the authorities immediately. There are no current incidents to raise alarm. We are trying remind people that they should not get too complacent with their everyday activities.

We also want to remind all parents (and household drivers) to pay special attention when they are driving. The weather is starting to get a lot warmer. More children are going to be out playing in the outside near or in the streets. Again be aware of your surroundings and monitor your speed.

Lets all work together and make this a safe 2009.

Sincerely,

Ofc. John Meredith
