

Welcome to the Nippersink District 2 Web Store

ONLINE STUDENT FEES AND MEAL PLAN PAYMENTS

The Nippersink School District has made some convenient improvements to the way families pay for fees and add money to their student's food service account. Because we contract with RevTrak, a national credit card payment processor, you have the assurance that all credit/debit card payment are on a secure site. Families can make payments online while on their home or work computer, any time of the day. Online payments can be made for registration fees or into food service accounts directly through the Skyward Family Access parent portal. Families will also be able to view their student's account balance and see what is being served for lunch! If their student's food service balance is low, it only takes a few minutes to add money to it using their VISA or MasterCard (credit or debit card). Payments are immediately posted to your student's food service account. There is no additional cost to paying for items by using the web store. All credit card statements will show the payment has been made to Nippersink District 2.
